STAY COOL. FEEL COMFY. BE CONSCIOUS.

We are convinced that the beauty of a product is no longer defined by the design alone. Aspects such as comfort and sustainability also need to be considered. For us, the combination of these results in products that stand for a modern standard of beauty. That's why we at CRICKIT work every day to put our beliefs into action.

COOL

The CRICKIT design reflects the soul of the city where the brand was founded - Hamburg. Nordic minimalism with a touch of nonconformity. Cosmopolitan, cool, innovative and passionate. Always in the front row of trends, never letting our roots out of sight.

COMFY

Our aspiration: maximum comfort. Starting with the exchangeable footbed, which is wonderfully soft and skin-friendly, and our special lasts for Central European feet, through to our comfort concept, which also offers great relief for feet with problems, such as hallux valgus.

CONSCIOUS

A conscious handling of the materials and the production of our shoes is very important to us. For this reason, we use 100% vegetable tanned cowhide. In addition, our aim is to create more awareness not only to the shoe production, but also to your feet.

CRICKIT *essentials*

SUSTAINABILITY

We only use leather from certified companies of the Leather Working Group (LWG) and our linings are 100% chrome free.

OUR HEART

The Heart as a Unique Design Detail reflects our Brand's core Values.

INDIVIDUAL COMFORT

All closed shoes are equipped with removable, antibacterial insoles made of cushioning memory foam.

ARTISAN MAKERS

We source our lasts and leather from traditional manufacturers in Italy.

INNOVATION

Our EasyIn styles stand out with an innovative and registered elastic construction for the heel area.

BUNION-FRIENDLY

Every collection has styles that are particularly suitable for stressed feet due to their last, construction and choice of materials.

COMFORT STARS

Incredibly lightweight sole for a unique wearing experience.
